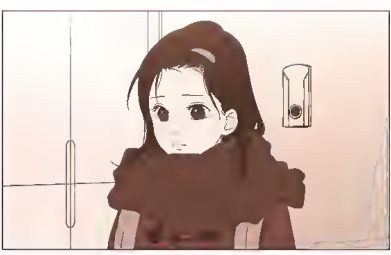
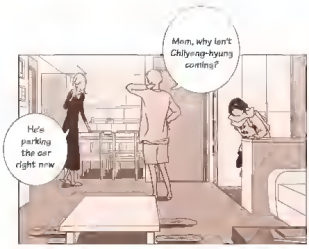
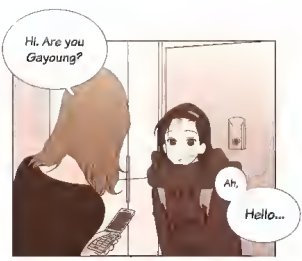
OUR RELATIONSHIP IS

In Now
01

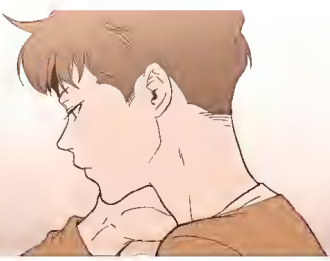


Han Woojin and I first met before our high school years. It was actually when we took private tutoring lessons together.



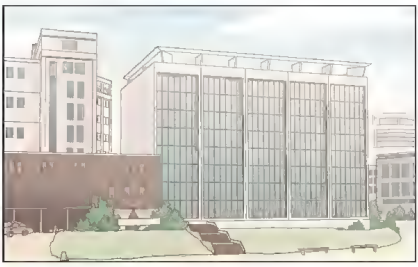


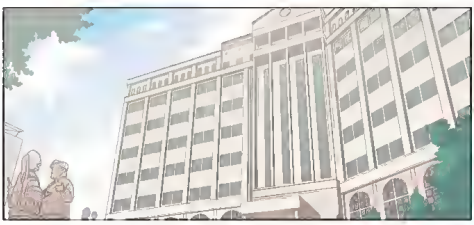
Things were different back then.



Han Woojin wasn't as friendly as he is now,

And I was quite introverted as well.

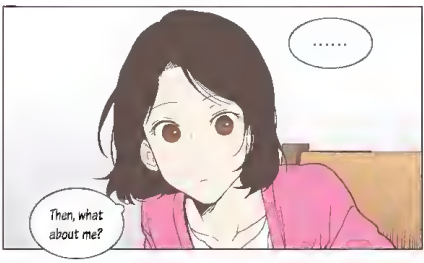




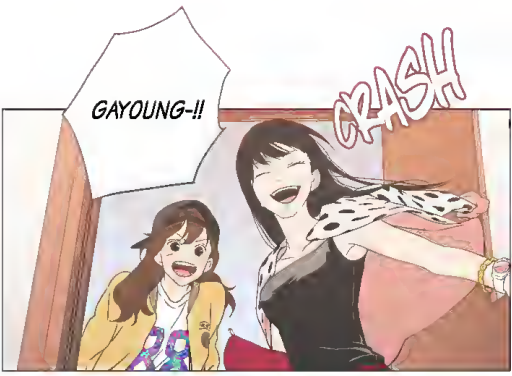
I don't have any friends.

I should have thought more about this.
Everyone my age is in the military now.
And everyone younger than me is a classmate.

Aren't there any 1st years who have taken gap years?
There are two, but they're both girls...
Since when have you ever cared about someone's gender?



I have always thought that Han Woojin hanging out with other girls was natural, but I guess that wasn't the case.



T/N noona - older female but not a lot older
